

## Correction

In the research article "Length of stay and hospital costs among patients admitted to hospital by family physicians,"<sup>1</sup> which appeared in the March 2012 issue, a portion of the acknowledgment section was inadvertently omitted. The acknowledgment should have read as follows:

### Acknowledgment

The authors sincerely thank **Drs C. Kirkham** and **J. Berkowitz** from the Department of Family Medicine at the University of British Columbia for providing expert research method and technical advice; **Professor K. McGrail** from the University of British Columbia School of Population and Public Health for expert advice on utilizing ecological markers of socioeconomic status; **Mr S. Markowski**, **Ms J. Cho**, **Mr W. MacKenzie**, and **Ms V. Johnson** from St Paul's Hospital for help with data extraction; **Ms S. Butler** and **Ms L. Cioban** from Providence Healthcare Department of Financial Analysis for help with data extraction and expert advice on hospital costing systems; and the St Paul's Hospital Family Medicine Residency Program for their support. This study was funded by a British Columbia College of Family Physicians Research Award. The Centre for Research on Inner City Health, part of the Keenan Research Centre in the Li Ka Shing Knowledge Institute at St Michael's Hospital, gratefully acknowledges the support of the Ontario Ministry of Health and Long-Term Care. The authors also acknowledge the support of BMO Financial Group, funders of the Vulnerable Populations Unit at St Michael's Hospital. The views expressed here are the views of the authors and do not necessarily reflect the views of any of the above-named organizations.

## Correction

In the article "Physical activity in youth. Prevalence, risk indicators, and solutions,"<sup>1</sup> which appeared in the January 2012 issue, Ghita Nielsen was included as an author in error. The correct list of authors is as follows:

**Mark Lemstra** MPH DrSC DrPH PhD   **Marla Rogers** MPA  
**Adam Thompson**   **John Moraros** MD MPH PhD

*Canadian Family Physician* apologizes for this error and any confusion or inconvenience it might have caused.

## Correction

In the article "Arthritis, osteoporosis, and low back pain. Evidence-based clinical risk assessment for physical activity and exercise clearance,"<sup>1</sup> references 25 and 26 should have been replaced, and in "Prediabetes and type 2 diabetes mellitus. Assessing risks for physical activity clearance and prescription,"<sup>2</sup> references 8 and 9 should have been replaced, in both cases with the following reference:

Warburton DER, Jamnik VK, Bredin SSD, Gledhill N. The Physical Activity Readiness Questionnaire (PAR-Q+) and electronic Physical Activity Readiness Medical Examination (ePARmed-X+). *Health Fitness J Can* 2011;4(2):3-23.

The authors apologize for this error and any confusion it might have caused.
